A 20 Year Plan of Action for Malaysia

The Federation of Chinese Associations Malaysia (FCAM)

Project

A 20 Year Plan of Action for Malaysia

Why the Project

The world is changing fast. The global and regional economy is in turmoil. Our neighbours are gearing themselves to be more competitive. Our oil and gas reserves are depleting fast. Our nation's leaders realize that it cannot be business as usual in politics and economy if we are to have a prosperous and harmonious future. Do we have a good sense of direction of where we are going? Can we meet the challenges – national and international – that stand in the way of a better future, especially for our children.

The Mission: Setting up a Road Map for Malaysians

A multi-racial team of some of the country's leading experts is being recruited in various sectors – social, economic, cultural, political and environmental - to share their knowledge and insights on how Malaysia and Malaysians will need to prepare to meet the complex challenges from now to 2030. Drawing also on the priorities identified by FCAM members and affiliates, and other stakeholders, these inputs will form the basis of a Plan of Action that can provide strategic information and recommendations for the country's future development.

This Plan of Action will be shared with the governments, private sector, civil society and fellow Malaysians to provide a road map that can meet the hopes and aspirations of all Malaysians. The intention also is to come up with innovative proposals for change and reform that can fully utilize the talents and potential of all our citizens.

FCAM: The Mover

The project is initiated by the Federation of Chinese Associations Malaysia (FCAM) and supported by the Centre for Malaysian Chinese Studies (CMCS) and affiliated organizations of various interests and backgrounds.

It is a project of Malaysians, by Malaysians and for Malaysians.

The Project Team

The project is led by Dr. Lim Teck Ghee, a former United Nations and World Bank senior official.

The Project Executive Committee consists of Mr. Stanley Yong Yew Wee (CMCS), Dr. Toh Kin Woon (API Fellow and ex-Penang State Exco) .

The 13 Members of FCAM are:

Perlis Chinese Assembly Hall

Kedah Chinese Assembly Hall

Penang Chinese Town Hall

Perak Chinese Assembly Hall

The KL & Selangor Chinese Assembly Hall

Negeri Sembilan Chinese Assembly Hall

Malacca Chinese Assembly Hall

The Federation of Chinese Associations, Johore State

The Federation of Chinese Associations of Kelantan

Terengganu Chinese Congregation Hall

The Federation of Chinese Associations, Pahang State

The Federation of Chinese Associations, Sabah

The Confederation of Chinese Associations, Sarawak

36 Key Areas of Challenges for Malaysians

No.	Topic	Writer
	Social-Cultural 社会文化	
1	Constructing a Malaysian national identity: Past and future 重建马来西亚人的國家認同: 过去与未来	Josh Hong 唐南发
